Monthly Newsletter - January 2023

## Welcome to our Monthly Newsletter!

Hello hobby friends! Here's the Second Chance Redline January Newsletter.

Hope everyone had a great holiday and welcome to a New Year. We like to display pictures shared by our customers, new items we added to our site, and information that we think might make your experience with us better. Any suggestions of what you might like to see added to make this little monthly document more informative, please share.

If we use it as an **EXAMPLE** on our Website in our *Decal Display Ad*, we will give you a free decal. Send it [here](#). Put **FREE DECAL** in the subject and the **SCR number** you are submitting it for.

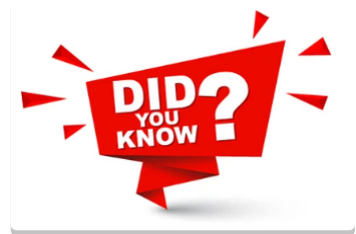

## Parts

We have hundreds of parts and supplies for restoring *Hot Wheels Redlines* as well as creating customs. We are continually adding new items. We are working to create new 3D printed and Metal items to add to our collection of parts.

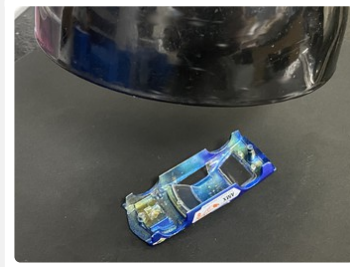

You can checkout all of the new items we add each month by selecting the "New Items" menu button on our Website's Home Page.

## Tip of the Month

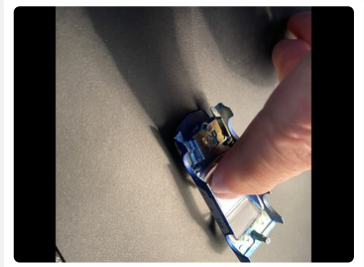

The windshields we make are casted from original windshields and are guaranteed to fit. These are casted using a resin that can take up to a month to completely set. If the windshield should arrive and does not fit exactly, you can put the windshield into the car body and place it under a lamp for several minutes to allow it to soften and then form it to the casting. It will harden within a fit second of removing it from the heat.
