

SECOND CHANCE REDLINES

MONTHLY NEWSLETTER - JUNE 2023

WELCOME TO OUR MONTHLY NEWSLETTER!

Hello hobby friends! Here's the Second Chance Redlines Newsletter. Summer is just about here and things will be heating up. Hard to believe this year is almost half-way gone. Wow!

WITH GREAT SADNESS

I know many of you are familiar with the Hot Wheels Newsletter that is created and published by Jim Garbaczewski. It is sad to announce that Jim passed away May 1st.

FEATURED BUILDER

This month we feature *Todd Snider from Toybox Werks Garage*. Todd has submitted several excellent requests for decals that we have made. Like most of us, he started collecting Hot Wheels as a kid in the 70's. Most of what he had were a few of the very late redlines (1974) and the common Blackwalls and Ultrahots. In his early teens, he took the time to wrap them all up in paper towels and stored them in a tissue box with the intent on keeping them safe for the future. Sadly, that tissue box disappeared over time. In his 30's, he set out to replace those lost Hot Wheels from his childhood which he is happy to say he has and then some.

In 2019, he started watching YouTube videos of people customizing Hot Wheels and thought it looked like fun so he started with simple color changes and wheel swaps. Over time he was able to improve his skills and started working on more challenging builds with handmade custom chassis, 3D printed engines and suspension components.

He is generally a muscle car guy but also like trucks and fantasy stuff like Mad Max themed vehicles. He really enjoys trying to reproduce realistic vehicles both with beautiful paint and rusted out hulls. He finds inspiration from all over, including real cars he remembers as a kid, car shows, the internet and of course YouTube.

He credits SCR for being able to create some pretty good customs using our decals. He is looking forward to continuing to challenge himself with new builds and working on producing better pictures of them.

FREE DECAL

Send us a high resolution glamour shot of your build on a solid background (like the example here). The image should be at least 1024x768.

If we use it as an **EXAMPLE** on our Website in our *Decal Display Ad*, we will give you a free decal. Send it [here](#). Put **FREE DECAL** in the subject and the **SCR number** you are submitting it for.

If it's a picture you just want to share or we do not use it for our ad, we will post it in our gallery or share it in our newsletter.

PARTS

We have hundreds of parts and supplies for restoring *Hot Wheels Redlines* as well as creating customs. We are continually adding new items. We are working to create new 3D printed and Metal items to add to our collection of parts.

OUR MAILING POLICY

We process orders Monday through Friday, mail goes out by 11:00 AM CST. If we get an order before this time, it will ship same day. Orders received over the weekend may not go out until the first of the week, Monday or Tuesday.

TIP OF THE MONTH

Recently we added some new paint to match the solid colors of Hot Wheels released in 1973. We named these paints, Retro-Flame 73. Unlike the Retro-Flame Candy Colors, these paints **Require the use of Hardener**. *If you do not use the hardener, the paint will not dry properly.* We also added a silver basecoat paint that can be used as an undercoat for our Candy Colors.
