

Second Chance Redlines

MONTHLY NEWSLETTER - MAY 2023

WELCOME TO OUR MONTHLY NEWSLETTER!

Hello hobby friends! Here's the Second Chance Redlines Newsletter. Reminder that **We will be on Vacation the week of May 8th**, many of our parts and supplies will be limited during this time. All decals will be available during this period.

EBAY RANT

1 If you're a seller do not include contact info to buy or sell outside eBay. Messages are reviewed and you may be charged a final value fee.
(643372-1104913)

As we shared last month, we are trying to work ourselves away from eBay. You can read last month's article if you're interested. We have a lot of customers that use eBay as a method of communication, instead of using our email address, message@scredlines.com. They are both answered and monitored at the same rate, but makes it confusing for us when asking a question related to an order or product. Also any custom requests, eBay makes it impossible to communicate with our customers, because they ultimately see you as their customer. They don't allow addresses, emails, phone numbers, etc. to be shared through messages and want to monitor your conversations. Any special requests need to be presented through our message email.

We understand eBay messaging (which is nothing more than a email forwarding service) is probably a much easier place to access and follow a messaging chain with us. We plan in the next couple of months to add a Messaging page to our website.

We have many users that continue to use eBay even though our website prices are less, with cheaper shipping. **We are always open to suggestions that will make your website experience better, quicker, and easier.**

It's the same store we're just asking, use a different door.

FEATURED BUILDER

This month we feature a builder by *Jason Maracic of 150 Kustomz Diecast*. He has been doing custom work for a little over 10 years. It started out just fun for his own personal enjoyment. Three years ago he hung it up since he was only doing it for his own pleasure. Then a buddy of his, *Mike Oppenlander* at Mikes Real Riders, dragged me out of what he calls retirement and pushed him to get back in the game. That's when he started getting into more detailed cars and started using decals from Second Chance Decals. He had an OCD for quality of paint and details and he said our decals fell right into the same quality. That's when **150 Kustomz Diecast** was born and he started building high quality cars. *Steven Lee Virkus* of Hot Wheels Hoarders was another big fan of his work and pushed him to where he is today with his custom cars. He said it has been a fun experience and he has met tons of friends thru customs.

HOT WHEELS 23RD COLLECTORS NATIONALS

Jason recently won two categories with his custom work at the Hot Wheels 23rd Collectors Nationals. We are proud to say he used SCR Decals on these customs. With his eye for detail and quality mindset he placed **1st in the Mild Custom Category** and **1st in Best Paint Category**. **Congratulation!**

OUR MAILING POLICY

We process orders Monday through Friday, mail goes out by 11:00 AM CST. If we get an order before this time, it will ship same day. Orders received over the weekend may not go out until the first of the week, Monday or Tuesday.

TIP OF THE MONTH

Recently we added some new paint to match the solid colors of Hot Wheels released in 1973. We named these paints, Retro-Flame 73. Unlike the Retro-Flame Candy Colors, these paints **Require the use of Hardener**. *If you do not use the hardener, the paint will not dry properly.* We also added a silver basecoat paint that can be used as an undercoat for our Candy Colors.
